SECOND REQUEST FOR THE PTO

Commissioner for Patents

Date: August 12, 2004

Sir:

The applicants request the U.S. Patent and Trademark Office to acknowledge receipt of the priority documents from the International Bureau in this national stage PCT application filed under 35 U.S.C. §371.

The attached documents show that the International Bureau properly received the priority documents from the applicant, but the first Office Action dated July 16, 2002 and the Notice of Allowance dated November 3, 2003 do not show any indication that the U.S. Patent and Trademark Office has received the priority document, JP 11/51395 filed on February 26, 1999 from the International Bureau.

The following documents are attached:

1. *Notification Concerning Submission or Transmittal of Priority Document dated April 28, 2000.* This document is an acknowledgment by the International Bureau that it received the priority document.

2. *Notice of Allowance and Fee(s) Due dated November 3, 2003 (2 pages enclosed).*

This document shows a lack of indication as to whether the priority documents have been received by the U.S. Patent and Trademark Office from the International Bureau.

3. *Office Action dated July 16, 2002 (2 pages enclosed).* This document indicates that as of July 16, 2002, the priority documents had not yet been received from the International Bureau.

4. Filing Receipt dated October 5, 2001 (2 pages enclosed). This established the fact that priority *claimed* on, JP 11/51395 filed on February 26, 1999 was acknowledged.

This does not however, establish the receipt of the priority document.

For national stage applications filed under 35 U.S.C. 371, the International Bureau is supposed to transmit the priority documents to the designated offices, in this case, the U.S. Patent and Trademark Office.

It is therefore requested that the official application file be checked and then it is further requested that the U.S. Patent and Trademark Office acknowledge that the priority documents have been received or are being requested from the International Bureau.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).
